

Exemplary Reading Program Award

Guidelines and Application Form

DESCRIPTION: The Exemplary Reading Program Award is sponsored by the International Reading Association to recognize outstanding reading and language arts programs at all grade levels (elementary, middle, and high school). Its purpose is to call the public's attention to outstanding programs in schools throughout North America. Each participating state and province can choose one winning school.

OBJECTIVES: The program has five objectives: (1) to improve literacy in our society, (2) to recognize school staffs who demonstrate excellence in reading and literacy programs, (3) to encourage the development and refinement of exemplary reading/language arts programs, (4) to report to the public noteworthy efforts to improve reading/language arts, and (5) to disseminate specific information about high-quality programs so that other professionals can use it to improve their own instructional efforts.

- CRITERIA:**
1. All public, private, and parochial elementary and secondary schools are eligible for the award if the school has at least one IRA member.
 2. The school must apply with its *entire* reading program, not just one segment (i.e., Title I, resource room, library/media, teacher, one grade, and the like).
 3. The application form must be fully completed, and signed by the chief school officer (e.g., superintendent).
 4. The winning program should serve as a model for other schools and teachers.
 5. A school receiving the award cannot apply again within a period of five years.

JUDGING: Each state/province participating in the program will have an Exemplary Reading Program Award Committee. Not all states/provinces elect to participate in the program. **Please be sure that your state/province has elected to participate prior to submitting your application to IRA Headquarters.** All applications received at IRA Headquarters will be forwarded to the appropriate state/provincial Exemplary Reading Program Award Committee chairperson. The Committee will then review each application, applying the criteria listed in these guidelines and using a standardized scoring procedure. Schools receiving a set point value will be visited by representatives of the state/provincial Exemplary Reading Program Award Committee.
